CATESBY

INNOVATION
CENTRE

DEVELOPMENT UPDATE

Catesby Innovation Centre, part of the 5-acre Catesby Aero Research and Facility www.catesbytunnel.com based in the village of Charwelton, near Daventry in Northamptonshire **is nearing completion, due in December 2021.**

Located within a private, secure countryside location within the heart of the UK's 'Motorsport Valley', the new state-of-the-art development provides a new hub for automotive testing and collaboration. The key to the sites success will be the multi-million-pound re-development of the Catesby Railway Tunnel, once part of the Great Central Railway, offering a 2.7km long straight road-test track, affording an extensive range of vehicle assessment studies to be carried out on full-scale vehicles.

Alongside the tunnel, the new Catesby Innovation offices are nearing completion, providing modern, flexible office accommodation catering to automotive connected professionals.

For further information and financials, please contact White Commercial: chris@whitecommercial.co.uk or harvey@whitecommercial.co.uk
