## FORMAL COMMERCIAL PROPERTY VALUATIONS

White Commercial Surveyors understand that valuing commercial property is more than a purely numerical process and provide comprehensive valuations including our professional judgement as to the current value of the property, any potential latent value and its suitability within a business plan.

All valuations are carried out under the mandatory requirements of The Royal Institution of Chartered Surveyors (RICS) Valuation Global Standards. We provide valuations for pension funds, financial statements, insurance and other purposes.

Our reports are detailed, clear, transparent and dedicated to the individual client's needs. Our valuations contain research, market knowledge, alternative options and considerations of risk.
